

University Museums and the Art on Campus Collection Map

University Museums at Iowa State encompasses two art museums, a National Historic Landmark historic house museum, sculpture garden and the largest public art collection in the nation. Over 2500 public works of art by significant Iowa, national, and international artists are located across 19 acres of campus in buildings, courtyards and open spaces. Most outdoor public works of art can be viewed at any time; interior works of art can be viewed during the individual building's open hours.
